A close-up photograph of a field of wildflowers. In the foreground, there are several tall, slender stalks of purple flowers with small, bell-shaped blossoms. Interspersed among these are clusters of bright yellow flowers with many small, tubular petals. The background is filled with more of these flowers and green foliage, creating a dense and vibrant scene.

*"That's the beauty of what we do.  
Is that we are able to give people  
a gift – the future. And, make sure  
it's the best they can have.*

## Mission

The CentraCare Health System works to improve the health of every patient, every day.

## Vision

CentraCare Health System will be the leader in Minnesota for quality, safety, service and value.

# Core Values

**Patient Centered:** Serving patients above all.

**Integrity:** Adhering to honest and ethical practices.

**Collaboration:** Working jointly with others to improve health and health care.

**Compassion:** Serving all who seek our care with kindness, dignity, and respect.

**Stewardship:** Ensuring responsible use of all resources to best serve our communities.

*A thing of beauty is a joy forever.  
Its loveliness increases; it will never pass into  
nothingness but still will keep a bower quiet  
for us, and a sleep full of sweet dreams,  
and health, and quiet breathing..."*  
~ John Keats

# We strive to be the best

The dedicated, skilled people of CentraCare — Health System provide exceptional quality care with compassion — because our patients deserve the best. This year's annual report showcases a sampling of our services, shares some successes and summarizes our financial stability. The report is a reflection of our progress toward achieving our vision of being the leader in Minnesota for quality, safety, service and value. As CentraCare Health System's executive team, we dedicate this booklet to the nearly 6,700 employees, more than 400 physicians and 1,200 volunteers who touch and change lives every day.

CentraCare Health System added 240 employees in Fiscal Year 2012. And 142 in FY 2011. And 61 in FY 2010.

That's a total of 443 new people joining the system over the past three years – for a total of 6,914 employees. Those hires include highly skilled professionals such as physicians, nurses, phlebotomists, pharmacists and therapists, as well as a wide array of support personnel in areas such as environmental services and administrative support. CentraCare Health System's annual economic impact on Central Minnesota has been estimated at more than \$1.3 billion.

# *Peace of mind . . . priceless*

Jean Cobb suffered from various mini strokes throughout her life. When she moved to Clarissa in 2004 to be closer to her family, she was diagnosed at CentraCare Health System - Long Prairie with atrial fibrillation by Cardiologist Howard Zimring, MD, CentraCare Heart & Vascular Center.

Jean, 66, arranged to make monthly payments for the care she received. The payments became difficult with Jean's fixed income.

"A billing office representative called me about a program I could apply for," Jean said. "It's a great program that helps patients who do not have the money to pay for health care needs. My heart was relieved."

Jean was eligible for charity care and her health care bills were waived.

"It gives me great pleasure to be able to work with our patients who need financial assistance and peace of mind, so we can continue to improve the health of every patient, every day," said Pam Kraker, Patient Account Representative for CentraCare Health System - Long Prairie and Melrose.

# Great place to work

**The survey shows ... CentraCare Health System is a great place to work.**

When Robyn Nordlund, LPN, was looking for a job, she was happy to learn that CentraCare Health System was recognized repeatedly by employees as the #1 Best Place to Work in Minnesota.

“It is reassuring to me that my employer was recognized again this year,” said Robyn, who works at CentraCare Clinic - River Campus. “It made my decision to accept the position that much easier.”

In August 2012, CentraCare Health System was recognized for the fourth year in a row as one of the Best Places to Work in Minnesota, in the large company category, by the *Minneapolis/St. Paul Business Journal*.

CentraCare and the other winners are featured in the *Minneapolis/St. Paul Business Journal* and at [twincities.bizjournals.com/twincities/](http://twincities.bizjournals.com/twincities/).

The winners were determined by Quantum Workplace, based in Wichita, Kan., after employees at qualifying companies took a web-based survey created by Quantum, which then provided the *Business Journal* with a list of firms ranked by their scores.

The background of the entire page is a photograph of an elderly woman with short, curly grey hair and glasses, smiling warmly. She is wearing a light blue long-sleeved shirt under a white button-down cardigan. She is standing in front of a large, colorful stained glass window. The window features a central figure of a man in a brown robe with his hands clasped in prayer, set against a blue and yellow geometric background. Below this figure is a panel with a red heart and a white scroll with a black symbol. To the left of the woman, there is a QR code on the wall.

# The beauty of retirement is more time for volunteering

This 78-year-old from Monticello isn't the type to sit on the front porch in a rocking chair. When Carrie Theisen retired after nine years as a receptionist at St. Benedict's Senior Community – Monticello, she was glad that Director Sandy Haggerty asked her to be the volunteer coordinator for chapel services.

"I appreciated it," said Carrie, who retired two years ago. "I could still be part of St. Benedict's."

Carrie organizes volunteers for weekly Mass, communion services and Protestant services. During the communion services, Carrie shares Bible passages, words of wisdom, prayers — and much more. Her compassion and love for the residents can be seen in her kind smiles, by the touch of her hand and warm embrace.

"You inspire us," an assisted living resident told Carrie. "That's why we're here."

"All of the residents inspire me," Carrie said.

# *Room with a view*

## Health care on the banks of the mighty Mississippi

St. Cloud Hospital's 360,000-square-foot expansion was designed to take advantage of its proximity to the Mississippi River. Most of the private patient rooms and family lounges offer spectacular panoramic views of the gorgeous Mississippi as well as the stately trees along its banks.

The building includes 188 windows, most of which face east, toward the river. The brick exterior was designed to complement the original 1926 structure, which is still in use, as well as numerous additions completed over the decades.

Libby Wenderski, RN, Medical Progressive Care Unit coordinator, overheard a patient's family member say "I feel like I am trolling in my boat. I wish I had my fishing pole right now. The view is amazing."

# *Improving the quality of care*

Spacious rooms . . . soothing earth tones . . . A five-star hotel? No, it's the new surgical suites in the St. Cloud Hospital expansion.

The 10 operating rooms, at nearly 750 square feet each, are equipped to bring data, diagnostic images and video closer to the surgeon and staff — allowing staff to make decisions during surgery without having to leave the patient's side.

One surgical suite is a hybrid specially equipped for complex vascular cases such as aneurysms, carotid stent placement and stroke intervention. Interventional Neurologist Muhammad Fareed Suri, MD, with CentraCare Clinic, specializes in diseases and injuries involving the blood vessels of the brain and recently joined the St. Cloud Hospital medical staff.

# *Changing her pace after triple bypass heart surgery*

As a person who has run multiple marathons in the past five years and worked long hours as a tax accountant, Carol Halvorson, age 67 of Clearwater, knew something was seriously wrong when she became winded walking across the room in February 2011.

She saw her primary doctor, who ordered a stress test followed by an angiogram. The next day, she underwent triple bypass surgery at CentraCare Heart & Vascular Center at St. Cloud Hospital.

"A nurse called me right after my angiogram and convinced me that I needed to come in right away," Carol said. "I handed my staff the stack of appointments for the day, and said I had to go."

Five weeks after surgery, Carol was back at the office finalizing taxes for her clients at Clearwater Tax & Accounting Service.

"Dr. (Richard) Backes and Dr. (John) Castro were both wonderful," Carol said. "I can't say enough good things about them."

The best kind of homecoming

Kylie

happens with **incredible care**

Angels were out in force on April 15 when Kylie Applen, 8, nearly lost her life in an auto accident. Fortunately, Kylie had fallen asleep and was leaning over in the back seat when the car hydroplaned and hit a guard rail that pushed through the side window.

An ambulance just happened to drive by the accident scene to rush Kylie, her dad and another passenger to St. Cloud Hospital's Emergency Trauma Center.

Kylie's mom, Chris Scander, remembers getting the call exactly at 6:29 p.m.

"I could hear Kylie screaming 'I want my mommy,' and it was the most terrified I have ever been," said Chris of Ottertail, Minn.

"The care at St. Cloud Hospital was unbelievable," Chris said. "The staff was incredible. Dr. (Kurt) Martinson and Dr. (Mitchell) Kuhl took the time to explain everything clearly. The nurses were so compassionate and caring. It was the little things like the nurse finding a brush and hair ties to fix Kylie's hair that meant so much. I can't thank them enough."

After just four days in the hospital, with her pelvis broken in three places by the seat belt and a broken finger, Kylie was able to go home where she spent six weeks recovering. The final day of using crutches, Kylie took off running, yelling, "I am free."

# *The nature of giving*

In the past fiscal year, 4,444 benefactors touched the lives of countless patients and their families with gifts totaling \$12 million to CentraCare Health System. The CentraCare Health Foundation is proud to help facilitate these gifts. We are grateful to the generous benefactors from our community, area physicians and CentraCare employees. Together, we are “Caring for Generations” by improving health and health care. The tremendous support that St. Cloud Hospital has received for its expansion is the perfect example of how philanthropy and health care can partner to develop an environment for quality care. It’s the nature of what we do.

## Caduceus Society

The Caduceus Society is a philanthropic guild of CentraCare Health Foundation open to Central Minnesota practicing and retired medical staff who make a gift to support the Foundation's mission of improving health and health care. Members achieve active standing by contributing to the CentraCare Health Foundation Caduceus Society during the current calendar year. Legacy standing is achieved once a Caduceus Society member has cumulatively given \$10,000 or more. (as of June 30, 2012)

A close-up photograph of a lush garden. In the foreground, several tall, slender stalks of purple flowers, possibly Salvia, rise vertically. Behind them, a dense cluster of bright yellow flowers, likely Rudbeckia, fills the middle ground. The background is a soft-focus mix of green foliage and more yellow and orange flowers. The overall scene is vibrant and colorful.
